THIRD DISTRICT STANDING RESOLUTIONS

***Note:** The following are standing resolutions of the Third District Republican Party. Standing resolutions are long-range in nature and were written to show our commitment to these issues over time. In order for a resolution to be recommended as a standing resolution by the resolutions committee it must be passed by delegates at two caucuses.*

SR-01 CRIME AND PUNISHMENT

WHEREAS, justice, the protection of law-abiding citizens, and the maintenance of civil order is a primary duty of government; and

WHEREAS, certainty, swiftness, and severity of punishment are very important in deterring crime; and

WHEREAS, the value society places on the sanctity of human life is reflected in the severity of punishment imposed for wrongfully taking human life; and

WHEREAS, a true "change of heart" in criminals is needed to lower the recidivism rate; and

WHEREAS, there should be more concern for the victims of crime and for the rights of law-abiding citizens to be safe in their communities than for the rights of the law breakers to be free on bail; and

WHEREAS, there is an ongoing effort to deter crime with enhanced investigation and changes in punishment (truth in sentencing) that have caused a need for more prisons; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Urges that we stay the course in this effort and use DNA testing where appropriate in criminal investigations.
- B. Urges that the penalties imposed for pleas of not guilty by reason of mental illness or defect be revised.
- C. Urges that the legal system be revised to limit the number of appeals, the time frame in which appeals can be filed, restrict judge substitutions, and restrict the filing of frivolous lawsuits by prisoners.
- D. Recommends that alternative forms of punishment be explored for nonviolent criminals.
- E. Believes that all crime should be punished for the crime that it is and not as a special hate crime.
- F. Supports faith-based prison programs that reduce the recidivism rate.

- G. Urges that more strict and harsh penalties including life sentences and capitol punishment except in cases of predominantly circumstantial evidence be considered as means to protect the public from these individuals.

SR-02 DAIRY

WHEREAS federal agriculture policy significantly affects farm income; and

WHEREAS current federal dairy policy has caused Wisconsin dairy farmers to be placed at a competitive disadvantage to dairy producers in other regions of the United States; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Urges all Republicans and our congressional delegation to monitor proposed changes by the U. S. Agriculture Dept. for the purpose of reducing or eliminating Milk Marketing Order inequities.
- B. Supports the elimination of rules and regulations that interfere with the free flow of dairy products including raw milk and its products.
- C. Opposes the setting of a basic floor price for milk.
- D. Supports the bringing of California into the Federal Milk Marketing Order System.

SR-03 EDUCATION K-12 (Removed from Standing, see 2009-08)

SR-04 HIGHER EDUCATION

WHEREAS Public Higher Education needs to be affordable and provide access for as many students as possible; and

WHEREAS University of Wisconsin campuses invite almost exclusively liberal speakers to campus, but few if any who present a conservative viewpoint; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Recommends reduction of University administrator's salary increases voted by the Board of Regents which are out-of-line for a tight state budget.
- B. Feels that tuition increases should be capped at a reasonable rate.
- C. Urges the legislature to deny funding for any university homosexual/lesbian advocacy programs.
- D. Strongly feels that higher education institutions need to provide a broader and more complete education by increasing opportunities for students to experience more conservative ideas and to listen to and interact with more conservative speakers.
- E. Urges the legislature to prohibit illegal aliens from receiving resident tuition at any state funded school.

SR-05 ELECTION REFORM

WHEREAS, although Wisconsin has a long tradition of fair and reliable elections, it has become increasingly clear that recent state elections have been seriously affected by inappropriate conduct and inadequate procedures; and

WHEREAS, irregularities ranging from the improper handling of marked ballots, voter deception, multiple ballots cast by the same voter, and improper voter registration procedures have allowed some voters to vote multiple times in different locations while other voters have been disenfranchised by deceptive poll workers; and

WHEREAS, such cases may represent only a portion of the problems encountered statewide; and

WHEREAS, Wisconsin is one of only three states that permit same-day voter registration at the polls; and

WHEREAS; in the 2004 election cycle the primary election was held seven weeks prior to the general election; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Believes that our lawmakers must act to preserve our state's history of clean and fair elections and to see that every eligible voter has the opportunity to cast a ballot that counts equally with any other vote cast, and
- B. Urges our state legislators to act quickly and fairly to reform Wisconsin's election laws in order to avoid the above noted irregularities in future elections, and
- C. Urges the Wisconsin Legislature to make changes in Wisconsin's election laws to make voting simpler and more secure by enacting laws that would require:
 1. A picture ID (current Wisconsin Driver's License or official Wisconsin Identification Card) which provides the current residential address of the prospective voter at the time of voting on Election Day, and
 2. That prospective voters be registered at least seven (7) days before any election day on which they would cast a vote, and
 3. That electors vote only in the municipality of their legal residence.
- D. Recommends that the early absentee voting law be amended to limit such voting to electors having the justifications previously provided in state law.
- E. Urges that legislation be enacted to prohibit electioneering on Election Day within 200 feet of any outside entrance to a polling place, except if electioneering takes place on private property.
- F. Demands that current election laws be strictly enforced.
- G. Recommends that the Republican Primary be held in May of the election year to allow the candidates adequate time to focus on the general election.

SR-06 ENGLISH AS THE OFFICIAL LANGUAGE

WHEREAS, English is, and has been the most commonly used language in the United State of America throughout our history; and

WHEREAS, the English language is universally accepted as the international standard for commerce, governmental, and professional communications; and

WHEREAS, the designation of English as the official language of our Country or our State is not intended to demean the speaking or any other language, nor to discourage speakers of English from learning other languages, for multilingual Americans are a valuable asset to our Nation; and

WHEREAS, history and current world situations are instructive of the deleterious effects for nations without a common official and functional language; and

WHEREAS, the lack of knowledge of the dominant language in any society impairs one's ability to become a productive and contributing member of that society; and

WHEREAS, Presidential Executive Order 13166, which required that Federal, State and Local Governments and organizations who receive governmental aid, provide written and verbal translation services into any language for every person who requests such services adds an unnecessary financial burden to our cost of governing and of providing some other services; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Recommends that English be designated as the Official Language of the United States and the State of Wisconsin;
- B. Recommends that the State of Wisconsin print ballots in English only;
- C. Urges the President to revoke the provisions of President Clinton's Executive Order 13166;

- D. Recommends elimination of English as a Second Language (ESL) programs in the public schools because early teaching of English has been shown to increase educational achievement.

SR-07 ENVIRONMENT

WHEREAS; the state of Wisconsin has a strong reputation for being a destination spot for many due to its pristine environment; and

WHEREAS; the state of Wisconsin has a long and proud history of logging and paper production; and

WHEREAS; recent attempts by environmental groups have attempted to upset the balance between business and environment; and

WHEREAS; the Republican Party has a long tradition of supporting eco-friendly business' and the balance of environmental concerns with the need to create and maintain jobs; and

WHEREAS; there exists in Wisconsin today a real need to encourage eco-friendly businesses to encourage growth in the job market, and keep our lands clean for generations to come; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Supports the creation of legislation designed to provide incentives in the form of tax breaks, and other economic incentives for companies that voluntarily move towards more environmentally sound practices.
- B. Feels that government agencies dealing with the environment, including but not limited to the Wisconsin Department of Natural Resources, must submit all regulatory changes to a legislative committee for approval prior to enacting said changes.
- C. Calls for the termination of the Conservation Reserve Enhancement Program (CREP) and that all funds allocated be returned to the General Fund upon settlement of all terminated CREP contracts.

SR-08 FAMILY VALUES AND RESPONSIBILITIES

WHEREAS traditional marriage is an essential element in the foundation of a healthy society; and

WHEREAS personal responsibility and traditional family values should be encouraged; and

WHEREAS a marriage based on a two-parent, heterosexual family is the best opportunity for parents to instill personal responsibility, morals, and family values in children; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Urges that legislation be enacted to recognize "family" as people related by blood, marriage, or adoption and to not recognize heterosexual cohabitants or homosexual partners as "family" entitled to family privileges.
- B. Urges that legislation be enacted in Wisconsin and at the federal level recognizing marriage as being only between a man and a woman.
- C. Opposes any existing or proposed law or any official government practice that provides special privilege, financial support, or forfeiture of religious beliefs to meet the demands of homosexuals.
- D. Feels that there should be no extension of government paid family plan health insurance benefits to persons not meeting the definition of "family" (above) and that the private sector be urged to pursue the same policy.
- E. Urges recognition of the right and the obligation of parents to discipline their children, including the reasonable and responsible use of corporal punishment.
- F. Supports the Boy Scouts and similar organizations and their right to determine the standards of conduct for their members and leaders.

SR-09 GAMBLING LAW REFORMS

WHEREAS, gambling is a billion dollar industry in the State of Wisconsin; and

WHEREAS, gambling exacts a terrible toll on Wisconsin families in the form of broken marriages, loss of income and properties, bankruptcies, neglect of children, and increased crime; and WHEREAS, the promised direct property tax relief from the State Lottery Credit has not materialized in any significant amount; and

WHEREAS, Governor Doyle acted unilaterally and in secret in entering into and extending and expanding the terms of the most recent gaming compacts with Native American Indian Tribes; and

WHEREAS, Native American Indian Tribes in Wisconsin and the Wisconsin Tavern League both want further expansion of gambling; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Urges the Wisconsin Legislature to declare a moratorium on gambling expansion in Wisconsin.
- B. Urges the Wisconsin Legislature to request a complete re-evaluation of the implementation of the entire gambling program in Wisconsin to see if it is providing the intended benefits, including a cost-benefit analysis of the amount of direct tax relief being provided.
- C. Calls on the Wisconsin Legislature to consider calling a State referendum on the reduction or abolition of gambling in the State.

SR-10 HEALTH CARE COST CONTAINMENT

WHEREAS, health care costs in Wisconsin and the nation continue to rise at double digit rates while the Consumer Price Index increases two to three percent per year; and

WHEREAS, fifty to sixty percent of all health care costs in the nation are now paid by taxpayers and voters through such programs as Medicare and Medicaid; and

WHEREAS, the high cost of health insurance is becoming unaffordable for both employees and employers; and

WHEREAS, Wisconsin's Certificate of Need (CON) law expired in 1987, and the health care Cost Containment Commission only existed from 1993-96, despite qualified support from the Wisconsin Hospital Association and other organizations; and

WHEREAS, since the proliferation of private-for-profit "boutique" hospitals, and diagnostic imaging, radiology, and surgery centers (that skim off more profitable procedures and cases at the expense of community hospitals) continues without adequate controls; and

WHEREAS, "managed care" concepts continue to be found wanting, and free market competition in health care delivery systems failed to control rapidly increasing costs; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Urges the Wisconsin Legislature to direct the Legislative Council to create a "Blue Ribbon" committee to address the foregoing concerns, and to specifically evaluate and recommend legislative solutions to the following:
 1. Alternative health care delivery systems.
 2. The impact of pharmaceutical advertising on the cost of drugs to the public.
 3. The effectiveness of Certificate of Need (CON) legislation, and hospital and physician rate setting in controlling the costs of health care.
- B. Supports making health savings accounts tax deductible on Wisconsin state taxes, as they are for federal taxes.

SR-11 IMMIGRATION TO THE UNITED STATES OF AMERICA

WHEREAS, current annual permanent illegal immigration is approximately 1.4 million people; and

WHEREAS, immigration and maintaining control of our borders is a critical national security issue; and

WHEREAS, in addition to the homeland security threat, massive legal and illegal immigration poses a serious challenge to our way of life and is a drain on scarce public resources; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- D. Believes that the State of Wisconsin should not provide nonessential publicly funded benefits and programs to people whose presence in our state violates federal immigration laws, and that those individuals should be detained and turned over to the appropriate authorities.
- E. Urge that all U.S. immigration laws be formulated and enforced in a manner that is consistent with our traditions of fairness, respect for law, and the preservation of the well being of the people of the United States.

SR-12 JUDICIAL ACTIVISM

WHEREAS, our Founders expected judges to honor our Constitution; to be constitutional constructionists bound by the letter of that venerable document; to be above the whims of democratic elections that would, inevitably, politicize the courts; and WHEREAS, an activist judge interprets the Constitution to mean what he would have said if he, instead of the Founding Fathers, had written it and when this happens our Constitution is, in effect, rendered null and void; and

WHEREAS, elected officials are chosen based in part upon who they would appoint to the courts, knowing that those appointments would reflect a particular political agenda; and

WHEREAS, Thomas Jefferson, in his great wisdom knew that with human nature being what it is, judges would eventually abandon the plain language of the Constitution; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled, supports a Constitutional Amendment that addresses judicial activism by correcting the original error of establishing a judiciary independent of the nation.

SR-13 NATIONAL DEFENSE

WHEREAS, the defense of our nation, its citizens and our national interests is a primary duty of our United States Government; and

WHEREAS, the present unstable condition around the world has made a strong defense necessary; and

- C. Urges mandating parental consent or court action for abortions performed on minors.
- D. Urges legislation be enacted to deny federal and state funding of elective abortions and the funding of school-based clinics which make referrals for abortion, and to deny state and federal tax dollars to pay for elective abortions in health care plans or abortion advocacy programs.
- E. Recommends that there be increased emphasis on adoption by the many married couples that desire to adopt children and that the adoption process be simplified and reduced in cost.
- F. Opposes attempts to legalize assisted suicide and euthanasia.

- B. Supports the amendment to the Wisconsin Constitution which guarantees all competent adult citizens the right to keep and bear arms for all lawful purposes, including self-defense of home and property, hunting and recreation.
- C. Feels that lawsuits by individuals or organizations against manufacturers of guns or ammunition for damage caused by illegal acts committed by individuals or groups should be prohibited.
- D. Believes that law abiding citizens have the right to carry a concealed weapon for the purpose of self defense and other lawful purposes
- E. Agrees that the State of Wisconsin shall not deny the right of law-abiding adult U.S. citizens to carry concealed weapons.

SR-16 SOCIAL SECURITY REFORM

WHEREAS, the Social Security system, as it exists, will begin to lose money due to the changing proportion of retirees to workers, and

WHEREAS, if nothing is done, benefits will be cut and taxes will be raised in order to maintain the current system, and

WHEREAS, the current system forces workers to pay into Social Security without guaranteeing benefits upon their retirement: now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled, supports reforms to the Social Security system that will give workers the option to invest in personal retirement accounts while maintaining benefits to retirees who faithfully paid into the system.

SR-17 TAX RELIEF

WHEREAS, high and punitive tax rates cripple economic growth, discourage entrepreneurship, and diminish the individual's ability to attain the American dream; and

- G. Supports the Taxpayer Protection Amendment (TPA) and supports a property tax levy freeze.
- H. Feels that the funding for the Wisconsin Technical College System is not a responsibility of the real tax payer and should be removed from property tax statements.

SR-18 TORT REFORM

WHEREAS lawsuits significantly add to the overall cost of goods and services produced in this; and

WHEREAS the high cost of insurance against medical malpractice has caused some doctors to withdraw from practices; and

WHEREAS the cost of insurance and of providing medical care is driven up by the current legal climate; and

WHEREAS frivolous lawsuits overburden the court system and cause expense to many; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Feels that proven economic loss should be the primary factor in compensation.
- B. Urges limiting compensation for "pain and suffering", "emotional distress", etc. with restrictions and caps.
- C. Urges prohibition of product liability in cases of negligent or willful product misuse.
- D. Feels that "Joint and several liability" by which minor parties to an action can be assessed with huge judgments because they have deep pockets should be changed to limit the award to their actual percentage of liability.

- F. Recommends enacting a "loser pay" provision for certain lawsuits.
- G. Urges restricting class action lawsuits to those who actually suffered harm or economic loss with filing of lawsuit permitted only in federal court and with lawyer fees strictly limited with the time put into the case.

- D. Supports legislation to require open meetings for all government labor negotiated contracts.
- E. Opposes the "Card Check"/Employee Free Choice Act.

SR-20 IMPLEMENTATION OF RESOLUTIONS

WHEREAS, much time, effort, and research is done yearly to develop resolutions; and

WHEREAS, these resolutions are carefully thought out, written and debated; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Holds these resolutions adopted at a party caucus to represent the will, sense, and principles of the party, and
- B. That, therefore, the Chairman of the Republican Party be, and hereby is, directed to send to each Republican member of the Legislature representing a copy of the resolutions adopted at this caucus, requesting them to reply within 30 days of receipt thereof, indicating their positions on each of those resolution proposals and whether they will consider sponsoring or cosponsoring them as legislation, and

- C. That, a letter should be sent by each county executive committee to those legislators each quarter requesting a status report on implementation of caucus resolutions, including any pending bills and their status in the Assembly and/or Senate, and
- D. Be it further resolved that the Third District Republican Party Caucus be urged to present a similar resolution to the State Republican Convention for adoption, so that ALL Republican legislators respond to the grassroots will of the people expressing what they deem most vital for the citizens of Wisconsin.

SR-21 THANKS TO OUR TROOPS

WHEREAS, a debt of gratitude for the freedoms we enjoy is owed to all who have served in our military; and

WHEREAS, many in uniform are currently in harms way bringing freedom and justice to beleaguered peoples while defending those at home; and

WHEREAS, they do this often at great personal sacrifice to themselves and their families; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled, acknowledges the great debt we owe to our troops, gives them our sincerest thanks, and promises to keep them in our hearts and prayers.

SR-22 CONSTITUTIONAL LITERACY

WHEREAS, there are no documents more precious to the citizens of the United States than the Declaration of Independence, Constitution of the United States, and the Amendments to said document; and

WHEREAS, it is increasingly more important to have a nation of citizens who are acutely aware of their rights and liberties; and

WHEREAS, the educational institutions of the United States youngest citizens are investing few resources to the literacy of these documents; and

WHEREAS, it is critical to the crafting of well rounded citizens, and voters to be aware of the documents upon which all others are based; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Supports all legislation that requires all graduating students from K-12 education programs in the State of Wisconsin to have a strong grasp of the Declaration of Independence, Constitution of the United States, and the Amendments to said document.
- B. Believes that students should also be well versed in the workings of the state constitution.

SR-23 FREEDOM TO RECOGNIZE RELIGIOUS PRINCIPLES

WHEREAS, the constitution of United States and our form of government was inspired by Judeo-Christian values; and

WHEREAS, the legal system of the United States is based upon Judeo-Christian values found in the Ten Commandments; and

WHEREAS, our founding fathers, in an effort to encourage and guarantee freedom of religion, incorporated this right into our Constitution; and

WHEREAS, the phrase "freedom of religion" was never intended to mean "freedom from religion"; and

WHEREAS, as an example for future generations, the founding fathers freely expressed their religious views in their writings, government laws, government functions, and government property; yet did not force religious preferences upon others with differing views; and

WHEREAS, a few judges are legislating from the bench by finding meaning that does not exist in the Constitution; and

WHEREAS, a few judges have based their argument for a "separation of church and state," a phrase which does not appear anywhere in the U.S. Constitution but instead appears in a personal letter written by Thomas Jefferson, instead of basing their argument on the rule of law; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Believes that citizens, including elected and appointed government officials, employers, and school district personnel be allowed and encouraged to freely express and discuss their religious convictions, providing only that they do not force beliefs on others or misuse their office to discriminate against other persons with differing religious beliefs.
- B. Encourages the courts to apply the principle of religious freedom within the state as originally intended, and not to encourage state-sponsored exclusion of religion from public discourse.
- C. Feels that the continued inclusion of the words "Under God" in our Pledge of Allegiance should be legally upheld.
- D. Supports the presence and display of symbols such as the Ten Commandments on public property.
- E. Recognizes that removal of religious displays (Ten commandments for example) and forbidding of Christmas programs in schools has offend many more of our citizenry than the few who object to those programs (ACLU Americans United for Separation of Church and State, for example) and strongly believes that the majority has rights and should prevail.

SR-24 FREEDOM OF RELIGION

WHEREAS, our founding fathers believed in an omnipotent God, the creator and giver of life; and

WHEREAS, they believed that certain inalienable rights were derived from Divine Providence; and

WHEREAS, they then incorporated these rights into the United States Constitution; and

WHEREAS, freedom of worship was among these rights; and

WHEREAS, freedom to worship and expression of religious faith was openly practiced in the private writings, the public laws and documents, and engraved on public property by the authors of the constitution; and

WHEREAS, the courts have corruptly misinterpreted both the letter and the intent of the constitution, and

WHEREAS, the term separation of church and state does not appear, nor is it implied in the U.S. Constitution; and

WHEREAS, banning freedom of worship from the public forum, as the corrupt courts have done, is unconstitutional and leads to religious persecution; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Affirms our freedom to worship both privately and publicly, in the home, the school, the public forum and the workplace, providing that others are not coerced into participation or discriminated against because of differing beliefs.

- B. Urges lawmakers to advise the courts that they should properly interpret and apply the constitutional right to worship and expression of religious faith.

SR-25 PRIVATE PROPERTY RIGHTS

WHEREAS, the United States Constitution and the Wisconsin State Constitution both limit the right of the government to infringe on citizens rights to retain and use private property, to wit:

United States Constitution - Fifth Article of Amendment:

...nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation.

Wisconsin Constitution - Article I, Section 13:

The property of no person shall be taken for public use without just compensation.

WHEREAS, the original intent of the authors of the above mentioned limitations also include any recognized legal use of said property, and

WHEREAS, the framers of the Constitution recognized that the core right to own and enjoy private property is fundamental in sustaining all other freedoms enjoyed by the peoples of the United States of America, and

WHEREAS, certain elements in our society who wish to limit these rights for select groups of citizens have been attempting to negate these rights through the unconstitutional use of the legislative process, and when that has failed through the court of public opinion as promulgated by the mainstream media and other cultural outlets, and

WHEREAS, we have recently seen legislation proposed and other legislation passed which would further erode this foundational right for select groups of individuals as illustrated by attempts to limit smokers to smoke within either their home or business; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled:

- A. Urge our elected representatives to adhere to the plain language of both the Wisconsin State and United States Constitutions regarding personal property and fail to pass into law any laws which would infringe, restrict or otherwise inhibit a citizen's right the free exercise of the rights therein enumerated.
- B. Asks that our elected representatives to publicly acknowledge that the limitation on the government to take citizen property as outlined in our governing documents includes limiting governmental ability to dictate how said property is enjoyed within the constraints of the law.

SR-26 SMART GROWTH COMPREHENSIVE PLANNING REPEAL

WHEREAS, Smart Growth legislation (Comprehensive Planning), Chapter 66.1001 Wis. Stats., was signed into law as part of the 1999-2000 budget bill; and

WHEREAS, this land use act was never properly addressed separately by the Wisconsin State Legislature; and

WHEREAS, the consequences of this act will result in loss of property rights, increased government regulation and economic hardship; and

WHEREAS, legislation has been introduced to repeal Smart Growth law; now

BE IT THEREFORE RESOLVED that the Third District Republican Party, in Caucus assembled, opposes
